

HOW TO USE THE SCIENCE GUYZ BIOL 1107 COURSE

STEP 1: Use our workshops all unit long to stay on top of your material.

Semester plan students have access to both the online keys to each exam, AND corresponding videos to each workshop that explain the critical thinking for each practice question.

STEP 2: Use our tutor-staffed office hours to ask questions about material that you don't understand.

STEP 3: Complete our Mock Exam during the week leading up to your exam.

STEP 4: Check your work with our mock exam key online, and identify your strengths and weaknesses for your final studying push.

STEP 5: Use our tutor-staffed office hours to ask questions about questions regarding the mock exam key or any of your exam topics.

STEP 6: Ace your exam and celebrate.
